

310T MECHANICS WANTED!

About Us

Van Bree Enterprises and the Van Bree Family have been at the forefront of shaping communities and farms throughout Southwestern Ontario for 58 years. Our commitment to excellence, innovation, and sustainability has made us a trusted partner in the industry. The business has grown to include multiple divisions such as Van Bree Drainage & Bulldozing Ltd., V.B. Sand & Gravel Ltd, CH Excavating, Choice Inc. and Klondyke Developments. Van Bree Enterprises prides itself in offering a full range of services and treating every project with excellence, no matter the size.

Our Culture

We are a tight knit team who value and appreciate one another and the skills and expertise we each bring to the table. We like to work smart, have some fun, get work done quickly but collaboratively, and within set timeframes. We like to be trusted for our individual contribution to the team and have good working relationships with our colleagues, clients, vendors and partners. We also believe in taking care of our people, and offering benefits that ensure their overall health and wellness.

JOB DESCRIPTION

Our Central and West locations are looking for 310T Mechanics to join our team. This role inspects, diagnoses, troubleshoots, repairs, and verifies the repair of different equipment such as Triaxle dump trucks and pup trailers, 5th wheel tractors, live bottom trailers, small engine repairs, and repairs on heavy equipment.

THE PERKS

- Full-time, year round
- Generous wages based on experience
- Group Benefits
- RRSP matching
- Safety boot allowance
- Company Wellness Program
- Third Party Employee Assistance Program
- Shift schedule to be determined
- Education Assistance Program

Working in an organization that invests in their team

DUTIES & RESPONSIBILITIES

- Ensure all equipment is in good working order following our prescribed maintenance schedule
- Travel to job sites when a repair is required
- Complete any necessary administrative requirements such as weekly logs
- Openly communicate with other departments and team members
- Conduct repairs in a timely and efficient manner
- Adhere to all Van Bree's health and safety policies and procedures
- Maintain a safe, organized, and clean work environment
- Participate in all company training provided
- Support other roles when required
- Supervising apprentice mechanics
- Other duties as assigned, including cleaning up the yard around the shop

QUALIFICATIONS

Education

- 310T Heavy Diesel Mechanic Technician certification/license
- High School Diploma, or equivalent
- Full G Drivers license with clean driving record

KNOWLEDGE AND EXPERIENCE

- 3+ years of experience working with different machinery
- Capable of working independently and as a valued team member
- Proficient with computers
- Experience working on multiple systems such as: engines, fuel, electrical, hydrostatic and transmission, suspension, hydraulic, transmissions, and engine management, climate control, intake exhaust and emission control, steering, braking, drive, structural components, as well as ground engaging equipment
- Strong Problem-solving skills
- Ability to diagnose mechanical and electrical problems
- Working knowledge of the Ministry of Transportation requirements regarding heavy equipment
- Strong written, and verbal communication skills

WORKING CONDITIONS

- Full time up to 50hrs/week, with possible overtime and occasional weekend and/or evening hours
- Regular travel to job sites, all year round
- Working in all weather conditions
- Working around moving equipment, trenches, road work and noise
- Physical movement including but not limited to walking, sitting, standing, squatting, driving, and lifting, kneeling, and lying down
- Ability to lift up to 50 pounds

If this sounds like a good match, and you are looking to join a fast-growing company with an experienced Team – let's connect today!

Van Bree Enterprises is an equal opportunity employer, and we encourage applications from all qualified individuals.
